

## BEATING DOWN HUN RESISTANCE

### ALLIED TROOPS PUSH FORWARD

Another Retreat by Enemy Likely  
as Further Gains Threaten  
Both Flanks.

### U. S. TROOPS PRESS ON

Pershing's Men Swarm Ahead Behind  
Rolling Shell Curtain and Ap-  
proach Channery—Miles Be-  
yond Serpy.

London, Aug. 2.—After a short  
period of relative calm on the Sois-  
sons-Rheims front the central and  
western sections of the battle  
front again have been the scenes  
of mighty struggles. On both sec-  
tors the Allied forces have  
achieved notable gains of ground,  
which observed on the war maps,  
seemingly place the German  
armies in front of them in pre-  
carious positions.

In battles extending from the re-  
gion immediately south of Sois-  
sons to the northwest of Fere-en-  
Tardenois and southeast of the  
last named town over the upper  
portion of the "V" salient running  
10 miles eastward from Nesles to  
Ville-en-Tardenois and with St.  
Gemma as its southern base,  
American, French and British  
troops have pushed back the  
armies of the German crown  
prince.

With the French Armies in the  
field, Aug. 2.—Between Fere en Tar-  
denois and Plessier-Huleau (a front  
of nearly ten miles), General Man-  
guin's army has attacked, taking Hill  
205, east of Grand Rozoy, from where  
Fismes is visible, and capturing Cra-  
moiselle (four miles northwest of Fere  
en Tardenois).

### New Germany Army.

London, Aug. 2.—A new German  
army, under General von Eben, has  
been thrown into the Soissons-Rheims  
pocket, it was learned. For the first  
time this year the Allies' fresh re-  
serves are now numerically stronger  
than those of the Germans, although  
the German armies as a whole are  
still stronger in numbers.

### Allies Go Forward.

Paris, Aug. 2.—New advances by  
the Americans and French were re-  
ported over a large part of the Rheims-  
Soissons battlefield. The Allies went  
forward on the Saponay region be-  
tween Oulchy le Chateau and Fere en  
Tardenois in the Arcy wood district,  
near Clerges, and made fairly consid-  
erable progress toward the Rheims  
road in the neighborhood of Bligny.  
South of the Courmont-Fismes road,  
the Americans hurled back the Ger-  
mans into the woods near Goussancourt.  
On the right flank of the salient,  
the Americans are making progress  
toward the Ardre valley, in the  
region of Villeen Tardenois.

### Begin Turning Movement.

London, Aug. 2.—American and

### President Asks Senator to Vote for Suffrage

(By United Press)  
Washington, Aug. 2.—President  
Wilson extended the drive for suffrage  
into the republican ranks, when he  
wrote Senator Baird of New Jersey,  
urging the latter to support the suf-  
frage amendment.

### 884 Enemy Planes Downed in July

(By United Press)  
London, Aug. 2.—Eight hundred  
and eighty-four enemy planes were  
downed during July. Three hundred  
and twenty-five allies planes were  
downed during the same time. The  
British downed 410, the French 290,  
the Italians 106, the Belgians 4 and  
the Americans 3. Additional 26 enemy  
planes were downed in the Bal-  
kans, five in Palestine.

### Italians Admire American Soldiers

(By United Press)  
Rome, Aug. 2.—General Diaz, com-  
mander of the Italian armies, follow-  
ing King Emanuel's review of the  
American troops on the Italian front,  
telegraphed Pershing the king was  
filled with admiration on account of  
the splendid bearing of the Ameri-  
cans. The Italians were proud to  
share the burden of war with them.

French troops have begun a turning  
movement that if successful will com-  
pel a German retirement over a wide  
sector east of Fere en Tardenois at  
the center of the Soissons-Rheims  
salient.

They have attacked over a front of  
more than three miles on each side of  
the village of Nesles, the apex of the  
allied wedge north of the Ourcq. Their  
greatest advance was toward the east,  
where the Americans pushed on some  
distance from the town of Serpy and  
approached Chamery.

### May Force Big Retreat.

Although the announced purpose of  
the attack was the straightening out  
of the line between Serpy and  
Clerges, this is really secondary to the  
outflanking of the Germans to the  
southward. The enemy is holding  
strong positions at Roncheres and St.  
Gemma, where his line is still less  
than five miles from the Marne and a  
continued advance between Nesles and  
Clerges would force him to fall back  
to escape being cut off from the rear.

## AMERICANS ADVANCE ENTIRE RIGHT WING

### Huns Destroying Material as They Re- treat---Americans Find Many Chained to Machine Guns.

#### GENERAL MANN

Has Been Placed on Retired  
List of Army.

Having reached the age of 64, Brig-  
adier-General William A. Mann, U. S. A.,  
commanding the eastern depart-  
ment, with headquarters at Governor's  
Island, N. Y., and former commander  
of the 42d, or Rainbow division, has  
been transferred to the retired list.  
Official announcement as to General  
Mann's successor has not been made,  
but it is believed Major General J.  
Franklin Bell, now in command of  
Camp Upton, N. Y., will be named.  
General Bell formerly was at the head  
of the Eastern department.

### Allies Advance Everywhere

BY JOHN DeGRANDT  
(United Press Staff Correspondent.)

Paris, Aug. 2.—New allied progress  
on the mile front between Villeen  
Tardenois and Fere en Tardenois was  
reported this afternoon. How exten-  
sive is not stated. Between the Ard-  
re and the Vesle numerous fires were  
observed evidently the result of the  
destruction of material by Germans  
in the vicinity of Fismes.

### Germans Are Again Bombarding Rheims

(By United Press)

With French Afield, Aug. 2.—The  
Germans have begun bombarding  
Rheims which still constitutes a thorn  
in the enemy's side. The cathedral  
as a whole appears intact but those  
visiting it say it is merely a hollow  
shell mocking the hun efforts.

### Switzerland Accepts Conference Presidency

(By United Press)

Washington, Aug. 2.—Switzerland  
has accepted the presidency of the  
American-German prisoners confer-  
ence held this month at Berne. The  
Swiss president will personally open  
the conference, naming a Swiss of-  
ficial as the presiding officer.

### General Mangin's Army is Advancing

BY LOWELL MELLETT,  
(Staff Correspondent, United Press)

With the French Afield, Aug. 2.—  
General Mangin's army is still ad-  
vancing this morning and utilizing  
every advantage gained yesterday  
along a ten mile front. He is beat-  
ing down stubborn German resist-  
ance.

The Allies had the satisfaction of  
seeing the enemy wildly fleeing at  
some points. The completeness of  
the Allied success is evidenced by the  
fact that Franco-British batteries  
were installed at 8 in the morning on  
the ground where the infantry began  
driving the Germans at 4 in the  
morning.

The Germans are able to use their  
own artillery only upon the smallest  
scale. The enemy casualties are ex-  
tremely high.

The railway lines radiating from  
Fismes are under our fire and it is  
unknown to what extent the Germans  
were able to evacuate Fismes. Im-  
portant supplies are piled up at this  
concentration point.

### Americans Advance Their Right Wing

BY FRANK J. TAYLOR  
(United Press Staff Correspondent)

With the Americans Afield, Aug. 2.—  
The Americans advanced their en-  
tire right wing during the night as  
far as Bomplery. Intense fighting  
was proceeding beyond Clerges.

While lying inside the American  
lines in Nesles wood, a sergeant re-  
marked he needed a pair of field glass-  
es. He walked into the woods and  
encountered a German officer and  
three men. The sergeant killed the  
officer and chased the men and re-  
turned with the officer's glasses.

In numerous cases the Americans  
are using the German machine guns  
they captured.

### Yanks Bring in Squads of Prisoners

(By United Press)

With the Americans Afield, Aug. 2.—  
American soldiers are bringing in  
squads of prisoners. One Yank was  
startled to find his own father among  
them. The latter had returned to  
German Poland before the war start-  
ed and was forced into the army. The  
son lectured his father against  
being a German and then promised  
him the best in the house.

### Further Progress of the Allies

Paris, Aug. 2.—It is officially re-  
ported the Allies progressed further  
in the Soissons-Rheims region dur-  
ing the night.

## ENEMY RETREAT IN FULL SWING

### Found Germans Chained to Machine Guns

With Americans Afield, Aug. 2.—  
Along the Ourcq where the American  
right wing is in action, many Ger-  
mans were found chained to machine  
guns.

### FRICITION INCREASING

### Germans and Turks May Clash in the Caucasus.

Berlin May Be Forced to Draw Troops  
From Her Hard Pressed  
Western Armies.

London, Aug. 2.—Germany may be  
forced to draw troops from her hard  
pressed Western armies on account  
of developments on the former East-  
ern war front from the Murman coast  
to the Caucasus.

In the Caucasus there is great fric-  
tion between the Germans and Turks.  
The Germans are trying to prevent the  
Turks from occupying Baku, on which  
a Turkish attack appears to be im-  
minent. Baku is lightly garrisoned by  
Armenians and Bolsheviks and prob-  
ably will fall.

### Bulgaria Discouraged.

There is evidence of growing dis-  
couragement in Bulgaria, which is  
said to be due chiefly to the exploita-  
tions of the Bulgarians by the Ger-  
mans.

There are indications that the situa-  
tion has changed in the last three  
weeks in northern Russia and that the  
Germans shortly will begin an off-  
ensive against the southern part of the  
Murmur railway.

The Finnish population now is in-  
tensely hostile to the Germans. There  
is a great shortage of food and the  
people are entirely dependent on the  
Allies for sustenance. Both the gov-  
ernment and the army, however, are  
completely under German control and  
there is every reason to suppose they  
will co-operate with the Germans.

### SINKS PORTUGUESE VESSEL

German Submarine Destroys Ship By  
Use of Bombs.

Washington, Aug. 2.—The Portu-  
guese bark Porto was sunk by a Ger-  
man submarine 550 miles off the At-  
lantic coast July 27. The Navy de-  
partment announced that the crew of  
18 men had been landed at an Ameri-  
can port by a British steamer.

After overhauling the bark, the sub-  
marine's crew destroyed it with bombs  
placed in the cargo of cotton. No fur-  
ther details were given, but it was as-  
sumed that the crew was permitted to  
take to the small boats.

ington Critics.

### YANKS WIN LAURELS

Withdrawal of German Forces to the  
Vesle River Has Been Expected  
Since Americans Outfought  
Crack Foe Divisions.

Washington, Aug. 2.—In the Aisne-  
Marne salient the German armies ap-  
parently are again on the retreat. The  
American thrust in the center of the  
line at Serpyes already has produced  
results.

The Paris statement showed that  
the Allied forces had leaped forward  
on the German flanks on both sides,  
indicating to observers here that the  
withdrawal to the Vesle was in full  
swing.

This has been expected by officers  
since the American divisions outfought  
crack German divisions in terrific con-  
flicts which began Saturday. The ene-  
my made every effort to hurl the  
Americans back across the Ourcq, but  
he failed. His picked troops fought  
to the death, reports from all sides  
indicated, but the fierce attack of the  
Americans was not to be denied and  
the positions which broke the back  
of the German line on this front were  
consolidated.

For Losses on East of Salient.  
With magnificent gallantry, British  
and French forces took full advantage  
of the situation. The enemy was  
hurled off Chalmont Butte in a dash-  
ing assault by Franco-British units and  
to the east the French also hammered  
at his line. The report shows that  
it was made untenable and that French  
and British have made rapid progress  
in exploiting the success.

The fact that 600 prisoners were taken  
in one part of the action indicated  
that the retreat was more precipitate  
than it has been for the last few days.  
This was viewed as further evidence  
that the enemy was withdrawing un-  
der pressure and gave new hopes that  
his lines along the Vesle would not be  
fully prepared when the Allies arrived  
before them.

Official reports to the War depart-  
ment were belated and staff officers re-  
ceived eagerly the official statements  
carried by the press.

First news of the new victories came  
from London. The Berlin statement  
confirmed them, however, even be-  
fore Paris has laid claim to additional  
ground taken. The German statement  
that fighting had taken place along the  
sector, which, it was later shown, their  
troops had been forced to give up, was  
sufficient admission to officers here  
who were fully prepared for the Paris  
report.

Aside from the gains in territory  
made in the Allied counter drive, offi-  
cials believe it had already served its  
greatest purpose in proving to the Ger-  
man army that it is not invincible.

### American Machine Gunner in Action in France

This photograph, taken under fire, shows an American machine gun-  
ner firing across No Man's Land at the Germans. The picture is released  
by the Committee on Public Information.

### British "Heavy" in Action

This British official photograph shows the gunners of a six-inch how-  
itzer keeping cool while shelling the Germans. The men are sighting the  
gun.

Takes Place of Gate.  
In many parts of the West and  
Southwest where automobiles are num-  
erous it is becoming common to  
drive one's car over a fence instead of  
stopping to open a gate, drive through  
and then shut it. The new and quick-  
er method is made possible by the con-  
struction of inclines which make it an  
easy matter to mount to the top of the  
barrier and then descend on the other  
side. The inclines are usually com-  
posed of two tracks, set the proper  
distance apart for automobile wheels  
and supported by posts.—Popular Me-  
chanics Magazine.

**A Square Look at  
the Savings Idea**

You can't live in a place like this without seeing constantly many of the advantages of habitual saving. You know people whose successful lives are standing arguments for you to save. You see them taking keen enjoyment from somebody's thrift—perhaps their own, perhaps their fathers' before them.

**1. Whose ever thrift it was, it found its first expression, doubtless, in a savings account.**

**2. First a nest egg, then a growing investment fund, then substantial interest additions, finally a capital.**

**3. And it brings home to you forcibly, that after all, every fortune must have its modest beginning;**

**4. And that a savings account for you, now, at this bank has as great possibilities as there have been in thousands of savings accounts which proved to be foundations of comfortable fortunes.**

### WANTS AVIATION SECRETARY

Senator New Introduces Bill Creating  
That Department.

Washington, Aug. 2.—Centralization  
of aircraft production in a new ex-  
ecutive department of the government,  
to be known as the Department of  
Aeronautics, is proposed in a bill in-  
troduced in the Senate by Senator  
New of Indiana, a member of the Senate  
aircraft investigating committee.

The secretary of aeronautics, pro-  
posed in the measure, would have di-  
rect and complete control of all mat-  
ters pertaining to designs, purchase,  
manufacture and production of air-  
craft and equipment for the army,  
navy and marine corps.

### TAX HITS RETAIL DEALERS

House Committee Doubles License to  
Sell Tobacco.

Washington, Aug. 2.—Federal li-  
cense taxes on retail dealers in toba-  
cco, cigars and cigarettes were doubled  
by the House ways and means com-  
mittee in framing the revenue bill.  
Federal licenses for amusements also  
were doubled in rates and a new tax  
was put on shooting galleries.

The committee discussed a proposal  
to tax mail order houses whose sales  
are in excess of \$50,000 annually at 1  
per cent on their gross sales. Action  
was deferred.

### Mooney Asks Rehearing.

San Francisco, Aug. 2.—A petition  
for a rehearing of its decision of July  
22 denying Thomas J. Mooney a re-  
versal of the judgment of death  
against him, was filed in the state su-  
preme court here by Mooney's coun-  
sel. Mooney is awaiting execution  
following his conviction for murder in  
connection with the Preparedness day  
bomb explosion here in July, 1915.  
The decision upheld an order of the  
trial judge dismissing a motion for a  
new trial based on the contention that  
Mooney was convicted fraudulently.

### Irish Lord Chief Justice Named.

London, Aug. 2.—Lord Justice  
Thomas Molony, lord justice of appeals  
in Ireland since 1915, has been ap-  
pointed lord chief justice of Ireland,  
according to an official announcement.

### Masons to Rebuild Soldiers.

Cleveland, Aug. 2.—Subject to the  
approval of the War department and  
the action of the higher Masonic bod-  
ies of the country, the entire resources  
of the Masonic bodies throughout the  
world will be used to assist soldiers  
and sailors disabled on the battlefields  
of Europe, under a movement launched  
here at a meeting of representatives  
of every branch of Masonry. The War  
League for Masonic Service was ten-  
tatively formed. The efforts of the  
fraternity would be to assist disabled  
men.

**FOLEY KIDNEY PILL**  
FOR KIDNEY TROUBLE

## GREAT MILITARY MEASURE READY

Plans of War Department Will  
Be Introduced in Congress  
Next Week.

## BAKER VERY RETICENT

Secretary Declines to Discuss Provi-  
sions of Bill—Draft Age Limits in  
Both Directions Will Surely  
Be Extended.

Washington, Aug. 2.—Secretary Bak-  
er announced that plans of the war  
department for an enlarged military  
program, including extension of the  
draft age limits in both directions,  
have been virtually completed. He  
anticipates that the war department  
bill will be introduced in congress next  
week, enabling the military committee  
to begin consideration without delay.

Mr. Baker would not reveal the age  
limits to be recommended by the de-  
partment. He said, however, that pub-  
lished reports that the limits were to  
be set at from 19 to 40 years were in-  
correct. The 19 to 40 year suggestion  
was among those considered and re-  
jected, he added.

### Silent on Age Limits.

The age limits most generally dis-  
cussed heretofore as being the most  
acceptable to the War department  
were 19 to 36 inclusive, but Mr. Baker  
would not give any intimation that  
these had been accepted.

The plan was discussed by Mr. Baker  
and Chairman Dent of the House mil-  
itary committee and will be discussed  
with Chairman Chamberlain of the  
Senate committee, when the later re-  
turns to the city.

### No Public Statement.

Mr. Baker said he did not intend to  
issue any statement explaining his  
plans, and that so far as the depart-  
ment was concerned, presentation of  
the bill in Congress would be the only  
publicity given it.

The purpose of the extension of ages  
of draft liability, he said was to pro-  
vide an adequate number of men in  
class 1 to meet the enlarged army pro-  
gram. The secretary would not say,  
however, how large a manpower reser-  
voir it was desired to create.

### TO REMEMBER HER FRIENDS

Premier Outlines Britain's Policy  
After the War.

London, Aug. 2. — "The enemy is  
fighting to impose his economic terms  
on the Allies," Premier Lloyd George  
declared in a speech here. He will  
never succeed.

"Government interference will be  
necessary to get the raw materials  
needed in trade. We must not forget  
the countries fighting side by side who  
will be entitled to Britain's assistance,  
and we will not dissolve the partner-  
ship the moment the fighting is over."

Catarthral Deafness Cannot be Cured  
by local applications, as they cannot  
reach the diseased portion of the ear.  
There is only one way to cure catar-  
thral deafness, and that is by a  
constitutional remedy. Catarthral  
deafness is caused by an inflamed  
condition of the mucous lining of the  
Eustachian Tube. When this tube  
is inflamed you have a rumbling  
sound of imperfect hearing and when  
it is entirely closed, deafness is the  
result. Unless the inflammation can  
be reduced and this tube restored to  
its normal condition, hearing will be  
destroyed forever. Many cases of  
deafness are caused by catarrh which  
is an inflamed condition of the mu-  
cous surfaces. Hall's Catarrh Medi-  
cine acts thru the blood on the mu-  
cous surfaces of the system.

We will give One Hundred Dollars  
for any case of Catarthral Deafness  
that cannot be cured by Hall's Cat-  
arrh Medicine. Circulars free. All  
Druggists, 75c

## Do Something Better Than the Other Fellow---

**and ADVERTISE**

Advertising cannot accomplish the impossible  
any more than barren ground can yield rich crop.

But how advertising does make things hum  
when the product and proposition are right, the  
men and methods above board, when there's an  
honest purpose and earnest effort from bundle  
boy to general manager to serve efficiency, to  
deal honestly, to sell good goods, to price fairly.

Oil up the machinery of your business, imbue  
your organization with the spirit of true service,  
make your business worthy of the good will,  
the confidence, the patronage of the people.

In this fertile field then sow the seed of ad-  
vertising and it will bring forth abundant crops  
in increased business and augmented prestige.

Your store news in the Dispatch will be read  
in practically every home in Brainerd and vicin-  
ity every evening.

## WOMAN'S REALM

UNCLE SAM  
AS A MOTHER

Uncle Sam looks after his soldier boys in camp as carefully as a hen with one chick does after her offspring. When it comes to the health of the army nothing is too small to take into account. The pernicious microbe is microscopic in size, but it could do a lot of damage if let alone.

The grounds about the camps are kept free of rubbish and decaying matter. Garbage cans are covered and screened. Traps are set to catch flies. The instructions given the men are explicit and leave no room for personal views as to sanitation. War is being made upon disease as scientifically as upon the Kaiser.

In some of the camps the drill grounds are oiled. It was discovered that the dust stirred by tramping feet caused respiratory troubles. So the order went out, "No dust." And there is none.

Talking of feet, the government pays a great deal of attention to the "number nines" of the troops. Orthopedists examine bad feet, prescribe exercises, and give treatment. As a result the disability is often removed and the feet restored to normal.

Special attention is given also to shoes. The army shoe is in itself a panacea for almost 75 per cent of the ills the foot is heir to. As a result of this sensible shoe the corn crop in some camps is a total failure. Minor ailments also disappear. Service in the army will save thousands of our boys from the sufferings that come in middle age from wearing ill-fitting shoes in their young manhood.

Another matter that comes under the keen eye of the medical authorities is shaving. A general order has been issued requiring all barbers employed at the various camp barber shops to wash their hands with soap and water before attendance upon each man. Towels used for one patron can not be used again until laundered. Cups and brushes must be scalded after each shaving.

A recent survey of the physical condition of the men at one of the camps shows by comparison with the data taken at their coming that they have gained from a half inch to an inch in height and from 5 to 25 pounds in weight. This is a convincing demonstration, both to the men themselves and to the home folks, of the value of substantial and nourishing food, regular hours, sanitary environment, and regular exercises. Stopped shoulders have been straightened, caved-in chests filled out, sagging "tummies" made hard and able to hold their own in the place where nature intended them to be, and steps that once dragged listlessly move with a springiness and vigor that indicate the healthy man.

If your boy is in the army, 10 to 1 he is in better health than he has ever been in his life. He is being looked over outside, and one might almost say inside, as he has never been before. And if anything is wrong with him it will be put right if science and skill can do it.

## Origin of Pawnbroker's Sign.

An effort was recently made to learn from the users the origin and significance of the universal sign—the inevitable and universal three balls. Pawnbrokers didn't know, but the fact is the device is an ancient Jewish symbol of money, a Hebrew dollar sign. It is taken from the design of the Judean shekel in circulation a century or so before the Christian era. This coin bore the formalized design of three connecting branches, from a single stem, each bearing a pomegranate. The similarity to mine uncle's gilded decoration is very apparent.—Detroit News.

## Torstenson-Anderson

Thursday afternoon at the Methodist parsonage occurred a very pretty wedding when George C. Torstenson of Manganese and Miss Mabel Anderson of Lawler were united in the holy bonds of matrimony.

Miss Clara Anderson, sister of the bride, acted as bridesmaid, and Richard T. Douglas, a friend of the groom, as best man. The beautiful Methodist Episcopal ring service was used. Rev. F. W. Hill officiating.

The groom is the son of Robert Torstenson, a prosperous farmer residing at Trail, Minn. Mr. Torstenson is a choice young man and after a short honeymoon will enter the army and go to the front as a soldier. He is in the next draft. The bride is a beautiful young woman, the daughter of O. Anderson of Lawler.

She was attired in a beautiful gown of blue voile trimmed with georgette crepe and wore a bouquet of pink roses. The bridesmaid wore a gown of white georgette crepe and a bouquet of pink roses. They left on the afternoon train for a trip round the Great Lakes. Their many friends wish them a very happy journey through life.

## New York

Lady Policeman  
Wears a Sword

The New York lady policeman, who has just come into being through the efforts of Special Deputy Police Commissioner Rodman Wanamaker, is here shown in all her glory with a sword, instead of a club. Mr. Wanamaker is going to assign them to duty largely relating to the war.

## For Constipation and Billiousness

Geo. Jenner, 416 Labor St., San Antonio, Tex., writes: "Foley Cathartic Tablets have proven the best laxative I have taken and I recommend them to sufferers from constipation or billiousness. They should be in every traveling man's grip." Relieve sick headache, bloating or other condition caused by bad digestion. H. P. Dunn, druggist. mw-f-w

## Quick Work.

"I understand Gribble was tried for embezzlement last Tuesday." "So he was." "Did his lawyer get him off?" "Yes, Gribble was off to the penitentiary last Wednesday."—Birmingham Age-Herald.

PROCEEDINGS OF THE BOARD  
OF COUNTY COMMISSIONERS  
CROW WING COUNTY,  
MINNESOTA.

The Board met in regular session at the Court House in the City of Brainerd, at 10 o'clock A. M. Monday, July 8th, 1918. All members present except Commissioner Syreen.

Minutes of the meeting held on June 4th, were read and duly approved. Petitions were received from the supervisors of the towns of Little Pine, Ross Lake and Dean Lake, asking for an appropriation to help improve the Little Pine mail route in the Northeast quarter of Section two, (2) Township one hundred thirty-six, (136), Range twenty-five, (25).

On motion the matter was held over until the next meeting. The following applications were granted subject to the approval of the Minnesota Tax Commission:

O. S. Swanson, for a reduction in the valuation of Lot 9, Block 15, Farar & Forsythe's 1st Addition to Brainerd.

The Swedish Methodist Episcopal Church, for the cancellation of the taxes against Lots 4 and 5, Block 2, Fairview Addition to the City of Brainerd.

On motion \$300.00 was set aside to improve the road north of the bridge over Rabbit Lake Narrows, provided the town of Rabbit Lake appropriate a like amount. Work to be done under the supervision of the County Engineer.

On motion the Board adjourned for the noon hour.

Board met at 2 o'clock P. M. All members present.

Estimates of amounts due different contractors on contract road and bridge work State Road No. 7, Federal Project No. 4, were approved as follows; and the Auditor was directed to issue his warrants in payment thereof:

James Wilkins & Co. .... \$5,659.95  
H. Thorsdale & Co. .... 6,010.35  
Franzen Brothers .... 2,583.83  
Iowa Bridge Co. .... 855.44  
E. J. Fennelly .... 601.84

An application was received from Martin Seipp, supervisor of the town of Bay Lake, asking for an appropriation of \$300.00 to help improve the road in Sections 13, 23, 24, and 26, of that town.

On motion the same was ordered placed on file.

The Auditor was instructed to transfer \$5,000.00 from the road and bridge fund to the ditch fund, and \$350.00 from the County Revenue Fund to the Incident Fund.

A communication was received from K. A. Erickson, asking for damages on account of the change of the route of State Road No. 7, in the town of Sibley.

On motion the same was ordered placed on file.

Depository Bonds were approved as follows:

Citizens State Bank of Brainerd, in amount \$10,000.00, with the American Surety Company as surety, and the First State Bank of Crosby, in amount \$10,000.00, with the National Surety Company as surety.

The Auditor was instructed to advertise for bids for a bridge over the Outlet of Crow Wing Lake on State Road No. 4, to be received on August 6th, 1918, until 4 o'clock P. M.

On motion the Board of Control was requested to appoint three residents of the County to act in conjunction with the Supt. of Schools and Commissioner Syreen, as a Child Welfare League, and \$500.00 was set aside to cover the expenses of the above league. All bills to be presented to and approved by the County Board.

Commissioner Dewing offered the following resolution and moved its adoption:

"Be it resolved that the following sums be levied upon the taxable property of Crow Wing County, Minnesota, to defray the expenses of the County for the ensuing year:

For County Revenue Fund ..... \$50,000  
For Road and Bridge Fund ..... 60,000  
For Building Fund ..... 30,000  
For Sinking Fund ..... 24,000  
For Sanatorium Fund ..... 5,000  
For Bond Interest Fund ..... 2,000

Total ..... \$171,000  
Which resolution, being seconded by Commissioner Syreen, was duly adopted, all members voting aye.

The bill of Congdon and Bowen in amount \$239.35 for painting the County Farm Buildings was laid on the table.

Report from the members of the Board covering inspection of Road and Bridges, under date of June 10th, 1918, was read, approved and ordered placed on file.

The following bills were allowed:

**Election Expenses:**  
Andrew Anderson, Brainerd, Minn., 1st Ward ..... \$ 1.20

On motion the Board adjourned until July 15th, 1918, at 10 o'clock A. M.

C. W. MAHLUM,  
Auditor, Crow Wing County, Minnesota.

Pursuant to adjournment, the Board met at the Court House in the City of Brainerd, on Monday, July 15th, 1918, at 10 o'clock A. M. All members present.

On motion, the Register of Deeds was authorized to have bound, the plats filed in his office at a cost not to exceed \$350.00.

The following applications were denied:

Andrew Johnson, for a reduction in the valuation of Lot 1, Section eighteen, (18) Township forty-six, (46) Range twenty-nine, (29) for the years 1915, 1916 and 1917.

William C. White, for a reduction in the valuation of the Ore under the SE $\frac{1}{4}$  of NE $\frac{1}{4}$  and the NW $\frac{1}{4}$  of SE $\frac{1}{4}$ , Section ten, (10) and the N $\frac{1}{2}$  of NW $\frac{1}{4}$ , Section fifteen, (15) all in Township forty-four (44), Range thirty-one (31).

William C. White, for a reduction in the valuation of the North 666 $\frac{1}{2}$  feet of Outlot fourteen (14), Outlots fifteen (15) and sixteen (16), Lots three (3), four (4), five (5), and six (6), Block sixteen (16); and Lots one (1), two (2), three (3), and four (4), Block 17; Village of Deerwood.

It was moved and seconded, that in the future no action be taken on applications for reduction of taxes on cases in litigation on account of alleged excessive taxes. Motion carried.

Board adjourned until July 16th, 1918, at 10 o'clock A. M.

Board met July 16th, at 10 o'clock A. M. All members present except Commissioner Syreen.

An application was received from R. K. Whitley, asking for a reduction in the valuation of Lots one (1), and two (2), Block one hundred ninety (190), in the Town of Brainerd.

On motion, same was granted subject to the approval of the Minnesota Tax Commission.

The Auditor was instructed to advertise for one hundred (100) tons of soft coal and twenty-five (25) cords of wood, for the Court House and Jail, to be received at the August 6th meeting of the Board at 2 o'clock P. M.

The following citizens of the County were selected and certified to the court as a Jury list to take the place of those drawn at the May term of court.

**German Soldiers' Hard Lot.**  
A German soldier's pay is roughly equivalent to 4 $\frac{1}{2}$  a day. But out of this he must contribute about 1 $\frac{1}{2}$  a day toward the cost of his dinner. Apart from the dinner, generally some kind of Irish stew, he gets nothing but black bread and alleged coffee, so most of the remaining threepence must be expended on additional food. Even the meager balance is not at his disposal. It is carefully kept in a small bag opened periodically for the inspection of the soldiers' officers, and if he can be convicted of the least extravagance he will be severely punished.—London

## TURN WASTE INTO SAVINGS

BY G. R. CHADBOURNE,  
 (Editor of the Kennebec Journal)  
 The worst lack of "preparedness" for war on the part of the American people was total ignorance, as a people, of real economy. Little things, that some other people save, we waste with characteristic, generations-grown contempt for bothering with gleanings, ash sifting and bread crumbs, with the common expression, "Life is too short!"

Now we learn all over again. We must forget our contempt for saving and making use of little things and practice an art that has become a world necessity—economy. We must save, even when the time occupied in the saving would be worth more to us than the saving, for the world has need of even the little things.

We should have a generation in which to undo our inherent prodigality, but we must, like true Americans who never fail to meet a crisis, learn to save right off the reel. Stop wasting! Don't let yourself dump the bit because "it's too much work to bother with it." Save it!

A War Savings campaign has been organized upon a wide scale. The attention of every American of any age is called to the privilege, the duty, the necessity of serving themselves and the country by saving the pennies as we must save crumbs—enough pennies equal a valuable War Savings Stamp or a Liberty Bond, as enough crumbs equal in food value a loaf of bread.

We buy too freely, we eat too much we serve too large portions, we indulge our appetites and habits beyond good sense and good health, we sweep the crumbs into the fire, we burn "rubbish" that should be fuel—there's no end of our waste, and few of us wish to, or can, deny it.

Let us not only begin the everyday and every-hour practice of saving in food and drink and fuel and clothing, and of putting the saving into Liberty Bonds and War Savings Stamps, but let us take our own personal lives in hand and be cleaner, wiser, healthier, better citizens for having discarded habits of waste and adopted saving all along the line.

## SOLDIERS MARRYING "OVER THERE" GIRLS

The "Unbeliever" shown at the Best, was a great war picture, but a Brainerd girl supplied a line of criticism not heard before when she referred to the American hero marrying the Belgian refugee at the finish. "We don't want the girls over there marrying our boys," she said. So there!

## LOANS TO OUR ALLIES

With another credit of \$100,000,000 to Italy and \$9,000,000 more to Belgium the credits advanced by the United States to our allies now total \$6,380,000,000.

## GOVERNMENT LOANS TO FARMERS

During the month of June \$8,343,426 was lent to farmers of the United States by the Federal land banks. The Federal land bank of Spokane leads in amount of loans closed, \$1,262,800.

During June 1,196 applications were received asking for \$5,127,011, and 2,516 loans were approved, amounting to \$6,793,527.

On July 1 the total amount of mortgage loans placed since the establishment of the Federal land banks was \$109,517,308, covering 48,297 loans, distributed as follows:

Spokane	\$17,000,555
St. Paul	16,205,000
Omaha	13,264,140
Wichita	12,292,700
Houston	9,807,741
New Orleans	7,646,540
Louisville	6,704,106
Berkeley	6,698,400
St. Louis	7,172,172
Columbia	4,746,513
Baltimore	4,140,500
Springfield	3,851,595

## AMERICAN MORALE

Tempered with the knowledge that American soldiers can conquer the huns in the end is the consciousness too that it will take some period and during that time every energy, every resource, every agency must be pushed to the uttermost to bring about that conclusion.

That means that recruiting, training, Red Cross work, Liberty Loan and War Stamp and Thrift Stamp campaigns, food conservation, etc., must do their full quota this day and every day. America must not relax.

American troops are now in almost every section of the world. The flag stands for a square deal at home or abroad. The work of every American is to keep it to that standard.

## THE PEOPLE AND WAR TAXES

More than \$3,500,000,000 has been collected in internal revenue taxes, including income and excess-profits taxes, for the fiscal year. This exceeds by over \$100,000,000 the estimates made a few months ago, and by over \$200,000,000 the estimates made a year ago when the revenue measures were passed by congress.

The success in collecting this large revenue is attributed by the treasury department to the patriotism and co-operation of the American people in promptly and cheerfully meeting the war burdens imposed upon them.

## FAVORS STERN TERMS

David Lloyd George Says Germany Must Suffer.

Central Powers Are Fighting to Enforce Their Economic Terms On the Entente.

London, Aug. 3.—"Until the battle is over, no man should boast. But all men who know are pleased at the way it is going."

Premier Lloyd George thus commented, in addressing a deputation of 200 members of the National Union of Manufacturers, whom he met for a discussion of the after-the-war commercial problems.

"We must necessarily, in whatever policy we proclaim," said the premier, "keep in touch and be in complete accord, first, with our dominions, and second, with our allies. There is a good deal of discussion about a league of nations. I am certainly one of those who believe in it. But there are two leagues of nations already in existence—the British empire and the great alliance against the Central powers."

"An agreement among the Allies means that the economic fate of the world will be in the hands of the great Allied powers federated together at present."

After discussing the necessity of promoting after-war industries essential to the country economically and militarily, the premier continued: "The longer the war lasts the sterner must be the economic terms we impose on the foe. I think the sooner he realizes that the better. He is fighting in order to impose his own economic terms on the Allies. He will never succeed in doing so."

## CHOSE YANKEES FOR BLOW

Ludendorff Hoped to Prevent Formation of American Army.

Washington, Aug. 2.—General Ludendorff hoped to hinder the formation of an American army by choosing them to receive the hardest blows the German troops could strike, an official order sent to the German army commanders shows. A copy of the order was cabled by General Pershing in his report. It follows:

"In order to hinder the formation of an American army in France, it is important that the American troops engaged along the front be struck as hard as possible. It is intended to use these troops as a nucleus for new formations."

The Chairman was authorized to purchase a County Service Flag.

On motion, \$150.00 was set aside to help improve the Little Pine Road, Route 1, of Section two (2), township one hundred thirty-six (136), Range twenty-five (25), provided the town appropriate a like amount. The work to be done under the supervision of the County Engineer.

Commissioner Mathison submitted a report on Judicial road work under his supervision between Sections three (3) and four (4), Township one hundred thirty-six (136), Range twenty-nine (29). On motion, the report was approved and ordered placed on file.

Communication was received from Mrs. W. H. Gemmell, chairman of the Sixth District Woman's Committee, Minnesota Public Safety, expressing appreciation of the action of the County Board taken in the Child Welfare League matter, wherein the committee suggested the following names as additional members of the Child Welfare Board:

Mrs. F. A. Knights, Pequot, Minn.  
 Mrs. Carl Gentley, Brainerd, Minn.  
 Mr. L. P. Hall, Bay Lake, Minn.

On motion, the communication was accepted, ordered placed on file and the members mentioned referred to the Board of Control.

On motion, the dates of July 18th and 21st, were set to make the annual Road and Bridge inspection trip by the Board as a committee of the whole.

The following bills were allowed: Martin Norris, repairing wind mill at County Farm ... \$ 11.40  
 August F. Schmidt, repairing wind mill at the County

Farm ... 7.60  
 On motion, the Board adjourned until August 6th, 1918, at 10 o'clock A. M.

C. W. MAHLUM,  
 County Auditor, Crow Wing County, Minnesota.

## PROCEEDINGS OF THE BOARD OF EQUALIZATION, CROW WING COUNTY, MINNESOTA.

Meetings held July 15th, 16th, 17th, 19th, 20th, 22nd, and 23rd, 1918.

The County Board of Equalization met in the Court House in the City of Brainerd, Minnesota, on Monday, July 15th, 1918, at 10 o'clock A. M. Present: Commissioners John Dewing, L. Mathison, J. A. Erickson, Edward Crust, Wm. A. Syrean, Ed. County Auditor, C. W. Mahlum.

After being duly sworn in by the Clerk of the District Court, W. A. M. Johnston, the Board proceeded to

(Continued on page 6.)

## Drilling the Tongue.

Upon all those who are ambitious to make the world happier and better rests the obligation of drilling the tongue into habits of kindness, purity and refinement. Not by spasmodic efforts nor with occasional hints and gleams of good cheer are men to use the tongue in the interests of happiness. To daily drill the tongue as an instrument of happiness is to enter in to the fundamental conception of living.—Rev. Newell Dwight Hillis.

## ESCAPES FROM FOE DIVER

American Steamer Fights Submarine Off Sandy Hook.

An Atlantic Port, Aug. 2.—An encounter with a submarine 150 miles off Sandy Hook was reported by the crew of an American steamer which arrived here.

It was stated that the U-bont fired two torpedoes. Both missed, the second one by only a few feet as the steamer's stern swung around.

The submarine was observed about half a mile distant, it was asserted, and several shots fired at it from the after gun. Some believed a hit was scored.

## "SPANISH SICKNESS" SPREADS

Stockholm, Aug. 2.—"Spanish sickness" is spreading through Scandinavia, assuming a more serious form with

## AN ADVERTISING STUNT PROPOSED

Concern Tries to Get Ten Year Lease on Street Intersections in Brainerd

### UP AT THE COUNCIL MEETING

Promoter Wanted Council at Special Session to Hurry it Through and Get Action

An advertising stunt promoter appeared before the city council at the special session Thursday evening and wanted adopted immediately a plan of leasing to him for ten years the center of street intersections to be used as an advertising stunt.

The contract was to be between the city and the Municipal Appliance Co. of Minnesota and the latter was to be given permission to place a post seven feet six inches high and approximately three feet square in the very center of a street designation, the first two places designated being Sixth and Laurel and Sixth and Front.

Installation work was to be done under the joint supervision of city and company. These posts were to be lighted and serve as "Keep to the Right" signs. In the big glass panels was to be displayed advertising.

As to what would happen when the light goes out when power is turned off in Brainerd or when a storm puts a lot of fuses and transformers out of commission and darkness descends on the city as happened last Saturday, the city would undoubtedly be liable when some driver bumped into the obstruction.

The promoter when questioned is reported to have said the system was not in actual service in any town in Minnesota. Engineers of Brainerd when questioned said they had never seen a mention of the traffic advertising post in any technical journal.

The idea of using traffic posts for advertising, of making the city party to such a scheme is no more proper than letting soap and yeast cake signs litter up the water and light board electric light poles.

The city now has a number of "Keep to the Right" traffic signs and there isn't one but has been bumped around.

With the new seven foot six inch pole anchored in the street, the car owner would have to settle with the appliance company when he hit the apparatus. With traffic signs used for advertisements, the city might next go to work and let the next circus in town put its bills on the city hall and the fire station, use the flag poles, put up signs on city property and do other stunts.

The whole matter was referred to the next regular meeting of the council which will be held on Monday evening, August 5.

### NOTICE

Notice is hereby given that all property owners and tenants must have their weeds cut down before Thursday, August 15, 1918.

After August 15 inspection will be made and such premises found not to be free from weeds, warrants will be served, the same as last summer.

B. E. KOECHER, Sanitary Police.

5212 Demand for Cocconuts. European factories each week make about 16,000,000 pounds of artificial butter with coconut oil as a base.

## "HARD SKIN" AND FOOT CALLUSES

Magic! Peel them off without pain or soreness

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the toughened calluses or "hard skin" on bottom of feet, then lift these painful spots right off with fingers. Corns also!

When you peel off corns or calluses with Freezone the skin beneath is left pink and healthy and never sore, tender or even irritated. Try Freezone sure!

### ROLL OF HONOR

Harold Kimball, son of Cod Kimball, employed at Billings, Mont., has joined the engineers corps and was credited to Pequot. A son-in-law of Mr. Kimball, Arthur Narselius, editor and owner of a paper, is now in a veterinary corps and stationed at San Diego, Cal. He published a paper at Fallon, Mont.

Private E. P. McCabe has been transferred from Camp Meade, Maryland, to the 13th Service Co. C. D. U. S. Signal Corps, Camp Alfred Vail, N. J. Young McCabe, who saw service on the Mexican border and for a time was employed at the Brainerd postoffice, went to the McKinley radio night school while working in the Provost Marshal General's office and fitted himself for this line of service.

## LES BUSH HITS AND WINS GAME

St. Louis, July 31.—Bush's hitting was the main factor in Boston's third straight victory over St. Louis today. The score was 8 to 4. The young pitcher got two doubles, two singles, and a walk at five tries. He drove in four runs and scored two himself.

Score: r h e  
Boston.....003 000 014—8 10 2  
St. Louis.....000 200 020—4 10 4  
Batteries—Bush and Mayer; Gallia and Nunamaker.

### 1ST STATE BANK OF PEQUOT REPORT

(St. Paul Pioneer Press)  
The First State bank of Pequot was ordered closed by F. E. Pearson, state superintendent of banks, following an examination by W. A. Smith, a department examiner. The bank had \$10,000 capital and \$69,900 deposits and may be reopened, depending on the success of negotiations in that direction, Superintendent Pearson said.

The examiner reported that W. H. Cloud of Pequot, president of the bank, had borrowed \$10,531 of the bank funds without the consent of the board of directors, as required by the banking laws, and despite the limitation of \$1,000 on the amount which he could legally borrow.

### \$16,163.63 WAR FUND RED CROSS

County Chairman D. D. Schrader reports total collections to date of the Red Cross war fund national drive in Crow Wing county, amounted to date to \$16,163.63.

### Fewer at Health Resorts This Year

Increased expenses in traveling and at health resorts will keep many away from the resorts this summer. Foley's Honey and Tar is recommended as a satisfactory remedy for hay fever and asthma. It heals and soothes, allays inflammation and irritation, and eases the choking sensation. H. P. Dunn, druggist. mwf

### BRAINERD'S OLDEST STORIES OF TODAY

As Henry I. Cohen was driving in from Hubert on Thursday, a tire rolled past him running on its own power. Henry thought he was "seeing" things but as he was not returning from Little Falls he thought he would stop and investigate and might be a tire to the good, but much to his surprise not to say disgust, he found that the tire had escaped from one of his own wheels and had beat him on the road.

### AUSTRIA IS MASSING TROOPS

Counteroffensive Is Expected in Albania.  
Rome, Aug. 2.—The Austrians apparently are preparing for a counteroffensive in Albania, according to a dispatch from Valona. They are heavily reinforcing their whole front and General Pfanderbaltin has displaced General Hohenhampe as commander-in-chief. The enemy is massing troops from the entire northern Balkan zone.

Completes a Thousand Planes.  
Dayton, Ohio, Aug. 2.—Employees of the Dayton Wright Airplane company, the largest manufacturer of the De Havilland battle planes in this country for the United States army, held a huge celebration, completing and dedicating to the service the one thousandth plane built by the company. The 5,000 employees were given a holiday and listened to addresses while the one thousandth plane flew over the open air gathering. Secretary of War Baker telegraphed his congratulations to the manufacturers.

Causes Thousands of Casualties in Bulgarian Forces.  
London, Aug. 2.—Travelers from Bulgaria, says an Amsterdam dispatch to the Exchange Telegraph company, assert that a serious outbreak of typhoid is raging in the Bulgarian army and at Sofia.

The number of casualties is said by the travelers to run into the thousands, especially in the army. The medical service is reported to have broken down.

## MADE PATRIOTIC ADDRESS IN EVENING

John T. Smith of the Department of Labor Extolled Labor and its Services in the War

### ONE OF BEST SPEECHES HEARD

Urged Labor to Stay on the Job and to do its Share to Bring War to Successful End

John T. Smith, special representative of the U. S. Department of Labor, delivered an earnest, thoughtful, patriotic address at the Brainerd opera house Thursday evening and it carried also a message for labor.

He extolled the work done in shipyard, munition factory, railway shops etc., and urged labor to stay on the job and do its share to see the war to a successful conclusion.

Labor at times has its grievances but in these days all remedies of mediation should be tried first before there is any thought of striking. The local officials should be seen first and then recourse had to the U. S. Department of Labor and they would send a mediator.

Mr. Smith was introduced by H. P. Dunn and the latter said the department of labor was one of the busiest of the government and in their many adjustments of grievances had never failed to bring about satisfactory settlements. Brainerd was honored by the presence of Mr. Smith, being the first time the department has had a representative speak in the city.

Mr. Smith in his address paid a tribute to the boys over there who battled long hours and in winter had fought up to their knees in ice and snow. The speaker had two sons at the front now and a third was about to go.

Mr. Smith also brought in Liberty bonds, the War Savings Stamps, Thrift Stamps and urged the support of all in these investments. He paid a tribute to the Red Cross and to the women of America.

Today Mr. Smith spoke to the paper mill employees at The Northwest Paper Co. plant.

## WAR PICTURES AT THE BEST

The authoritative kind of war pictures sanctioned by the Department of Public Information, are shown at the Best today.

English, French, Italian and American troops are shown in action. One interesting one is the French cavalry escorting large masses of prisoners.

Road building is shown, the firing of heavy guns which require carriages on railway tracks, Red Cross work, fighting along the Italian sky lines, etc.

It will well pay any one to attend the Best and see this pictorial review of war work of America and her Allies.

### For Middle-Aged Men and Women

The kidneys work day and night to filter and cast out from the blood stream impurities that cause aches and pains when permitted to remain. It is only natural these important organs should slow up and require aid in middle age. Foley Kidney Pills help overworked, tired and diseased kidneys and bladder. H. P. Dunn, druggist. mwf

### CAPTURE 33,400 PRISONERS

Allies Inflict Heavy Losses on Foe in Recent Fighting.

Paris, Aug. 2.—In an advance of about two miles on the Alsace-Marne front the Allied troops reached Cransoiselle and Cransoiselle on the southwestern part of the salient, capturing 600 prisoners, according to the War office announcement. Clerges and Meunier wood have also been occupied and the Village of Romigny, north of Dormans-Rheims road was taken.

From July 15 to July 31 the prisoners captured by the Allies numbered 33,400.

### FEVER EPIDEMIC HITS ARMY

Causes Thousands of Casualties in Bulgarian Forces.

London, Aug. 2.—Travelers from Bulgaria, says an Amsterdam dispatch to the Exchange Telegraph company, assert that a serious outbreak of typhoid is raging in the Bulgarian army and at Sofia.

The number of casualties is said by the travelers to run into the thousands, especially in the army. The medical service is reported to have broken down.

### HONDURAS IS GIVEN THANKS

President Felicitates Nation On Joining in Great War.

Washington, Aug. 2.—President Wilson has sent to the president of Switzerland a message of greetings on the occasion of the Swiss national holiday, and to the president of Honduras a message expressing the gratification of the people of the United States that Honduras has joined the war against Germany "to fight for the freedom of mankind."

## AMUSEMENTS

### At the Best Today

The idea that just because a man is old enough to be a veteran in a Home for Old Soldiers he is no longer fit for active service, is dissipated in "The Spirit of '17" in which Jack Pickford is appearing today as star at the Best theatre.

It is shown by the author, Judge Willis Brown of the Chicago Juvenile Court, in this, his first venture into screenland, that as long as a man has the necessary courage and can still shoulder a musket, he is good enough to defend a town. The idea arises when the youth typified by Mr. Pickford in the story, finds the workmen in his town in danger of being led into a violent strike by German agents.

He invokes the aid of a company formed from the ranks of the men who once before had fought for their country and its cause; the veterans with pride and hearts again singing with the buoyant spirit of youth-time, march into the breach and stop the foreign cohorts in their attempted marauding until the hastily summoned militia can arrive.

Mr. Pickford's work is especially good as "Davy Glidden" while that of the excellent cast, including Katherine McDonald, Edythe Chapman, Jack Johnson and Helen Eddy is remarkably in accord with the excellence of the entire production.

### At the Best Sunday

Norma Talmadge, presented by Joseph M. Schenck, will be seen here at the Best theatre on Sunday in her latest Select Picture, "The Safety Curtain," adapted by S. A. Franklin and Paul West from the story of the same name by Ethel M. Dell and directed by S. A. Franklin.

Miss Talmadge plays the part of Puck, a young dancer of a London music-hall, whose husband, Vulcan, the strong man, cruelly mistreats her for receiving, though against her will the attentions of Sylvester, a dissipated young Englishman whom she has vainly been trying to avoid.

During her act at the theatre a fire breaks out and the safety curtain, dropping behind her to shut out the fire from the audience, cut off her retreat through the stage, while an explosion under the orchestra prevents her escape through the house.

Captain Merryon, a young officer, on leave from service in India, sees her plight and leaps from his box to the stage. Together they make their way to an unused stairway which leads into a small alley, unseen by any of the cast, who think that Puck has perished in the fire.

Puck, in a dazed and terrified condition, is taken by Merryon to his rooms where he cares for her until morning. In the papers they read of the disaster and Puck finds Vulcan's name listed among those killed. Without telling Merryon that she has been married she consents to go with him to India, though asking that he does not yet claim her as his wife, for since her own name, through mistake, has been noted on the death list she fears that her husband, too, may have escaped.

Once in India, Puck's beauty and charm of manner arouses much admiration and her graciousness and tact aid Merryon's rise in the favor of his fellow officers.

Puck, much against her will, is sent to the hills for the hot season with the other women of the Post and here she encounters to her great horror one of the men who knew her in London, Sylvester, now secretary to a member of the embassy. He threatens to betray her unless she recovers from her former coldness, but terrified, she starts out through a storm for Merryon and the Post.

Sylvester, true to his word, communicates with Vulcan, who is at a hotel in Bombay, and he immediately starts for the Post to claim Puck as his wife. After he has left them with the threat that unless she joins him at Dak Bungalow, he will take her by force and ruin Merryon's standing in the army, he goes away and Merryon, heartsick, is also called away to a fakir's hut where some of the plague-stricken people have taken refuge.

When he returns he finds a note from Puck telling him of her love and begging forgiveness. Another one addressed to Puck from Vulcan demanding her return, explains her absence. Seizing a revolver, he hurries to Dak Bungalow, where he comes upon Puck just as she enters Vulcan's room. The strong man has been stricken with the plague and though dying, he rises from his bed and towers over her, anxious to inflict punishment on her for the desertion. But the exertion is too great and just as Merryon takes her in his arms, Vulcan falls dead at her feet.

### At the Best Monday

Another line will be added to the chain of affection which binds Mabel Normand to the hearts of the public

## Every Colored Hat Except Three at \$1.00

## Casualty List

(By United Press)

Washington, Aug. 2.—General Pershing's casualty list is the largest yet and totals 238.

### A Theater in Java.

Java is an island dimly reminiscent to the Occidental mind of coffee and of brown, scantily clad natives. These are memories of the Java of our school books. The books rarely get far enough away from the business at hand to elaborate on the theaters of Java, which, the natives can tell you, are far more interesting than coffee plantations. The Javanese so enjoy their epics or folk tales produced either by puppets or by real players. Wherever the manager sets up his stage and properties there is the jabbering Javanese crowd, eager for evening and the prospective treat.

### DISPATCH WANT ADS PAY.

## Auto Owners Attention

Decrease your gasoline bills, increase your mileage and power 30 per cent by using Over Ball gas, sold under money back guarantee. Send \$1.00 for a package postpaid.

# CASUALTIES TO GROW

Those for U. S. May Reach 20,000 in Present Offensive.

Country Must Steel Itself for Shock in News of Dead and Wounded.

Washington, Aug. 2.—According to officers, the nation must steel itself for the shock of the first great casualty lists.

These lists, while not disproportionate to the scope of recent fighting, will be far greater than recent totals, and will bring the war home to America as nothing else, these officers point out.

American casualties for the entire war to the end of July totaled slightly more than 14,000, so far as announced. Compared with the French and British the American losses will be small. Seven divisions and two odd regiments are now engaged. Counting replacement units, it is likely that more than 200,000 Americans have been in action.

While casualties normally run only 2 and 3 per cent, it is regarded as quite possible the dead, wounded, missing and prisoners in a conflict so serious as the Somme-Rheims battle will be 10 per cent or more.

## TWELVE AMERICANS KILLED

Sixty-three Men Are Reported Severely Wounded.

Washington, Aug. 2.—The last army casualty list shows: Killed in action, 12; died from wounds, 23; died of disease, 11; died from airplane accident, 2; died of accident and other causes, 5; wounded severely, 61; wounded, degree undetermined, 2; missing, 3; prisoner, 1; total, 120. The marine corps casualty list shows: Died of wounds, 3; severely wounded, 2; total, 5.

Northwest names appear on the lists as follows: Lieut. W. Wallich, Shawnee, Wis., killed in action; Lieut. H. R. Huston, Deering, N. D., Lieut. H. C. Waggett, Everett, Minn., Sergt. C. M. Sullivan, Sparta, Wis., Private P. D. Kelly, Milton Junction, Wis., Private F. Mattern, Moberg, S. D., Private J. O. Cowl, Leon, Iowa, died from wounds.

Gale Damages Valparaiso Shipping. Valparaiso, Chile, Aug. 2.—During a heavy gale several small steamers were lost in Valparaiso bay. An American steamer which was torn adrift by the wind blew about the harbor, colliding with various small craft, damaging both them and herself and narrowly escaping destruction against the docks.

## BASEBALL SCORES

## Officer Given Four Years.

Battle Creek, Mich., Aug. 2.—Capt. Ralph Pilling, formerly construction quartermaster at Camp Custer, court-martialed several weeks ago for alleged conspiracy to defraud the United States government in connection with the construction of buildings at the base hospital, will serve four years at Fort Leavenworth and be dismissed from the service. Captain Pilling was sentenced to 20 years imprisonment, the sentence being commuted by Washington authorities.

## BOARD OF EQUALIZATION

(Continued from page 4)

equalize the assessments as follows:

**REAL ESTATE.**  
**Town of Allen.**  
All real estate raised twenty per cent (20 per cent).
